

GEAR'D UP!

Let's talk Active Transportation: What are your priorities?

Did you know that over 50% of Sacramento's GHGs are from transportation?

Or, that the City has close to \$5 billion in unfunded transportation needs. The Transportation Priorities Plan (TPP) will develop a prioritized list of transportation investments based on agreed upon values. The City completed Phase 1 of the TPP, engaging Sacramento's communities about their transportation values.

Register now for 350 Sacramento's Transportation Talk to hear from the City of Sacramento's Transportation Planning Manager, Jennifer Donlon Wyant to learn

about: Sacramento's Transportation Priorities Plan. Jennifer will present the summary of community engagement and recommended prioritization criteria based on community values.

Harry Styles needs you! Calling Volunteers!

Wednesday, November 10th

Harry Styles will be at the Golden 1 Center and we need volunteers to help us with Bike Valet. We've been told that this will be the biggest concert at the G1Center ever and we'll be there to park bikes and backpacks!

We could really use your help, so show us your SABA love and lend a hand.

This Sunday: Wide Open Walls Mural Tour

Join us for another mural tour to see the recent [Wide Open Walls](#) murals created in 2021. This will be a re-ride of the mural tour we did last month, so if you missed it, now's the time to catch it with us. Sacramento is a fantastic place because of bikes (yay!) and because of it's murals. Woohoo!

Start location: Chocolate Fish at 2940 Freeport Blvd.
When: Sunday, Nov. 7th. Round up at 10:00AM, depart by 10:15.
Length: a little over an hour, depending on interest and traffic.

Drop by Chocolate Fish early and have a cuppa joe. Ride your bike to the coffee shop and claim a [coffeeneuring](#) ride!

Hope to see you Sunday! Questions? [Be in touch!](#)

DAYLIGHT SAVINGS ends Saturday night!

Bike commuting and recreation riding is about to get a lot more dangerous in the evening. Why? Daylight saving ends on Sunday, setting clocks back an hour.

What can you do?

Make sure you have multiple front and rear lights. Ride with two white lights up front and two rear lights: one on your seat post and the other on the rear triangle.

Also get a reflective vest or jacket. You should be glowing like a UFO. Make it impossible for drivers' to not see YOU!

Beware! It's Leaf Pile in the Bike Lane season!

After a hard rain and the work of leafblowers, many of our bikelanes will have piles of leaves. We don't recommend that you ride right through them, but sometimes you'll be forced into the lane of traffic. Make sure you look behind you before you move into that lane.

Once you are clear, take a moment to call [Sac 311](#), and let them know the location so they can get that pile cleaned up.

We have [business memberships](#) available and at the higher levels of membership, we'll provide a workshop for you and your company.

Could be a repair clinic, or a social ride, or maybe we can help you with Bike Friendly Business certification from the League of American Bicyclists.

We can tailor something to fit your needs and we'd love to help your organization become more bicycle

friendly.

Gear'd Up is proudly presented to you with support from our friends at [Chocolate Fish](#), [Washington Commons](#), and [Capitol Yards](#).

Spread Bike Love: JOIN SABA

Support SABA today and become an advocate for safe streets. We're working for commuters, recreation riders, students, and elders. We're working for you.

Become a SABA [monthly donor](#) and help support programs like Project Activate Meadowview, our social rides, or our Slow and Active Streets work. Whether you commute by bike or just ride for the fun of it, your support will underwrite our efforts to make the Sacramento region a safer place for **everyone** to ride!

Sacramento Area Bicycle Advocates is a 501c3 nonprofit organization. Your donation is tax-deductible.
